Beyond the beach...

If golf is your bag, the New Smyrna Beach area offers an excellent selection of public and semi-private golf courses — all within easy driving distance.

New Smyrna Beach has two main downtown shopping districts, numerous shopping plazas and many of our restaurants are noted for their seafood specialties.

Smyrna Beach Club is also within short driving distance of Kennedy Space Center, Central Florida theme parks, numerous wildlife areas and historic sites.

Discover the famous Indian River and Mosquito Lagoon. Feel the excitement of pursuing redfish, trout and tarpon on the flats among pristine mangrove islands, and the thrill of landing a trophy fish in the ocean. Enjoy a chance to observe rare and endangered species in their natural habitat, including dolphins, white pelicans, manatees, osprey, and alligators.
